-----------------------	-----------------------------	---	-------------------------------------

DAY 2—APRIL 12, 2011			
8:30 AM	CME Session 5	<p>Guidelines on Expanded HIV Screening and Access to Care <i>Moderator: Christopher Ervin, MD</i></p> <p>Amanda D. Castel, MD, MPH, Assistant Research Professor, Department of Epidemiology and Biostatistics, School of Public Health and Health Services, George Washington University</p> <p>Lisa Fitzpatrick, MD, Associate Professor of Medicine, Howard University, “What Every Healthcare Provider Should Know about HIV”</p> <p><i>This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Association of Black Cardiologists, Inc. and the National Minority Quality Forum. The Association of Black Cardiologists, Inc. is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Association of Black Cardiologists, Inc. designates this educational activity for a maximum of 1.25 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.</i></p>	Plaza Ballroom
9:45 AM	CBC Session II	<p>Old Problems; New Challenges: The Latest Trends and the Latest Treatments That Everyone Should Know About</p> <p>During this session, experts will share new data and information about lung cancer, cardiovascular disease and prostate cancer—information that is critical because these are among the chronic and acute conditions that have and continue to disproportionately and detrimentally affect racial and ethnic minorities. A Q&A session will follow.</p> <p>Dr. Neal Shore, Carolina Urologic Center. Dr. Shore will explore the racial and ethnic disparities in prostate cancer and will raise awareness about new treatment options, as well as the role that health care reform can play in expanding access to prostate cancer screening and treatment.</p> <p>Dr. Fred Grannis (invited), City of Hope Los Angeles. Dr. Grannis will explore the current racial and ethnic, as well as gender disparities in lung cancer incidence and mortality. Additionally, Dr. Grannis will address not only the need for expanded access to early screening, but also a coordinated plan to reduce lung cancer incidence and mortality.</p> <p>Dr. Keith Ferdinand, Association of Black Cardiologists, Inc. Dr. Ferdinand will explore the latest racial and ethnic disparities in cardiovascular disease incidence, care and mortality, as well as the Association of Black Cardiologists’ new plan to reduce the cardiovascular disease disparity gap by 20 percent by 2020.</p>	Ritz-Carlton Ballroom

DAY 2—APRIL 12, 2011			
10:00 AM	CME Session 6	<p>Enrollment of Minorities in Clinical Trials <i>Moderator: Kevin H McKinney MD, FACE, FACP, Associate Professor of Internal Medicine, Division of Endocrinology and Stark Diabetes Center, Co-Director, Essentials of Endocrinology and Reproduction Course, and Chair, Pharmacy and Therapeutics Committee, University of Texas Medical Branch</i></p> <p>Keith Ferdinand, MD, Chief Medical Officer, Association of Black Cardiologists</p> <p>James H. Powell, MD, CPI, Principal Investigator, Project IMPACT, National Medical Association, and President, Strategic Medical Associates, “Clinical Research and the Minority Physician: Why You Should Be Involved”</p> <p><i>This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Association of Black Cardiologists, Inc. and the National Minority Quality Forum.
