Community Access National Network to Host 4th Annual National Monitoring Report on HIV/HCV Co-Infection

Community Roundtable Open to All Stakeholders, with Remote Access Available

WASHINGTON, DC (July 9, 2019) – The Community Access National Network, otherwise known as CANN, today announced it would host its **4th Annual National Monitoring Report on HIV/HCV Co-Infection** on Wednesday, September 18, 2019. The event is FREE, but advance registration is required to attend. Remote access will also be offered for all stakeholders who cannot attend the meeting in-person.

At the meeting, patients, healthcare professionals and policy advocates will share their perspectives about issues impacting people living with HIV/AIDS and Hepatitis C.

Community Roundtable presenters include:

- Marcus J. Hopkins, Project Director, HIV/HCV Co-Infection Watch, Community Access National Network
- Brian Hujdich, Executive Director, HealthHIV
- Marissa Tonelli, Director of Health Systems Capacity Building, HealthHCV

To register for the 4th Annual National Monitoring Report on HIV/HCV Co-Infection, please visit <https://adap.123signup.com/event/details/rvqjt>.

For general information, please contact CANN at info@tiicann.org.

#####

About the Community Access National Network: *The mission of the Community Access National Network (CANN) is to define, promote, and improve access to healthcare services and supports for people living with HIV/AIDS and/or Viral Hepatitis through advocacy, education, and networking. These services must be affordable to the people who need them regardless of insurance status, income, or geographic location.*
