Community Access National Network to Host 6th Annual National Monitoring Report on HIV/HCV Co-Infection

*This year's report will be featured once again during HealthHIV's
Virtual SYNChronicity 2021*

WASHINGTON, DC (August 4, 2021) – The Community Access National Network, otherwise known as CANN, today announced it would host its **6th Annual National Monitoring Report on HIV/HCV Co-Infection** during HealthHIV's *SYNChronicity 2021*. The Annual National Monitoring Report on HIV/HCV Co-Infection will be featured during the SYNC Session, held 2:00 PM EST on Wednesday, September 22, 2021.

SYNC is the premier national conference focused on HIV, HCV, STI and LGBTQ health. At the 6th Annual Monitoring Report, patients, healthcare professionals and policy advocates will share their perspectives about issues impacting people living with HIV/AIDS and Hepatitis C.

To learn more about SYNC, please visit <https://sync2021.org>.

For general information, please contact CANN at info@tiicann.org.

#####

About the Community Access National Network: *The mission of the Community Access National Network (CANN) is to define, promote, and improve access to healthcare services and supports for people living with HIV/AIDS and/or Viral Hepatitis through advocacy, education, and networking. These services must be affordable to the people who need them regardless of insurance status, income, or geographic location.*

About SYNC 2021: *Due to the uncertainties around the COVID variants and vaccination rates, the SYNC 2021 Conference will be held virtually on September 21 – 22 with several plenary sessions and special SYNC sessions, all addressing ending the epidemics. The virtual platform will be easy to navigate and will have many features to enhance your virtual experience, including connecting with other attendees, viewing poster presentations and watching on-demand sessions you may have missed. SYNC 2021 will include both live and pre-recorded presentations as webinars with live Q & A text chat with speakers.*
